WELCOME TO OUR SCENERY EDITION

Scenery is a vital component of the **model train** layout.

Model Railroading is much more than rolling stock and locomotives running on carefully laid track. Adding scenery challenges your artistry as trees, grass and dirt begin to transform your rough base into a living layout. You don't need to be an experienced artist to tap into your natural creativity – you just need to open your eyes and look at the world around you, and then use the tools and products at your disposal to mimic what you see.

Our February Flyer focuses on Scenery. And we couldn't think of a more deserving manufacturer partner to spotlight than Woodland Scenics, creators of realistic model scenery for every imaginable scenario. We are also proud to bring you Walther's own Brand Spotlight – SceneMaster™. Together with Chooch we offer a comprehensive line of scenery products to complete your layout transformation.

See page 38 to learn more about our Manufacturer Spotlight of the month – Woodland Scenics, and page 8 to learn more about our Walther's Brand Spotlight of the month – SceneMaster and Chooch.

COVER STORY: The National Model Railroad Build-Off, Walther's annual competition to celebrate the artistry of model railroading, kicks off March 1st with entries due July 1st. In this, our scenery edition, we thought it only fitting to showcase some of the excellent work submitted by the talented modelers who entered the 2022 contest. Our cover features the work of Brian Scharfstein, and his 2022 NMRBO entry into the Adult HO category. Brian's expert technique in creating this leisurely afternoon of fishing at the waterfall caught our attention. Above, and to the right, are detail shots from Mark Keels' Adult HO entry. Mark really captured the charm of rural farm life. For more information about this year's NMRBO contest see page 6.

GAME ON!

TIME TO HUSTLE!

The Walther's National Model Railroad Build-Off is ramping up for its 4th annual competition, and we want to see what you've got! You've been *train-ing* for this moment, and now's the time to bring your A-game. With a category for every age and every scale, there's no reason to sit this one out. Get in there champ, and earn that "W" !

Three entrants from each category will be selected as prize winners.

**ALL ENTRIES DUE
JULY 1, 2023.**

**WINNERS ANNOUNCED

BACKDROPS	Backdrops are not required . However, a thoughtfully designed backdrop that enhances the theme and brings a scene to life could count towards the overall appeal and creativity. Should you decide to include a backdrop, there are no specifications or requirements for size or construction.			
FACIA	A facia is not required . It is recommended that you think about how you finish the edges of your scene so as not to detract from the overall presentation.			
BASE	We are not specifying, nor recommending base requirements or construction. A simple foam insulation base is adequate as is a sheet of plywood cut to size. There is no need for elaborate bench work as this is an area that will not be judged. The entry does not require electrical work or a functioning train, however the inclusion of a train is highly recommended and encouraged.			
ENTRY FORMAT	All entries are submitted online through the NMRBO site. Each entry consists of filling out the online form and submitting digital photographs. The more the better! Photos must include: <ul style="list-style-type: none"> • Inclusion of a tape measure or ruler to verify size, length and width. • Photos from several angles; top down, right and left and front. • Close up or detail photos not necessary but very helpful, especially if you have something unique. • Photo of modeler(s) with the layout. 			
MINOR PERMISSION	Minors (under 18) must have parent, or guardian signature and contact information. If submitting as a youth team, all participants must submit individual permission forms. See instructions at walthers.com/nmrbo23			
SUBMITTING ENTRY & QUESTIONS	walthers.com/nmrbo23 All information will be found at this site including official rules, permission forms for minors, critical dates, links to themed kits, and instructions for how to submit your entry. Any questions, please contact custserv@walthers.com . All entries due July 1, 2023.			

***Adult teams can include a minor child if an immediate relative.**

A Note on Availability

At Walther's, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walther's.com, email us at custserv@walther's.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walther's and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.

Just Plug[®]

LIGHTING SYSTEM

Woodland Scenics[®] has numerous product lines made for hobbyists including the Just Plug[®] Lighting System.

Just Plug provides a complete, quick and easy way to add realistic lighting to any layout. Its modular design allows for simple expansion with no electrical knowledge needed.

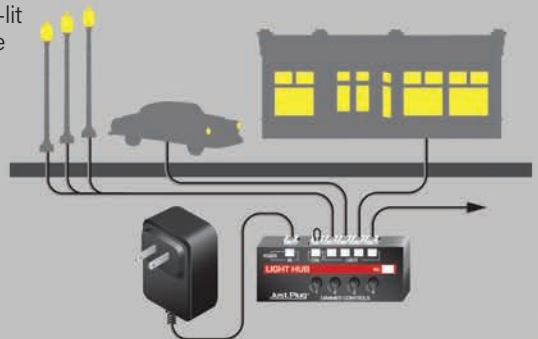

Getting Started

To get started, you need the core elements of the Just Plug Lighting System: a Light Hub, Power Supply and a Just Plug compatible pre-lit feature. Plug the Power Supply and pre-lit product into Light Hub. Each Light Hub can light up four pre-lit products. Once your Light Hub is full, simply use the Expansion Hub to extend power to four Light Hubs or Sequencing Light Hubs.

Just Plug Power Supply
